CCA Rhetoric School Dress Code Policy

Dress Code Schedule

Monday	Casual Dress
Tuesday	Standard Uniform
Wednesday	Casual Dress
Thursday	Standard Uniform
Friday	Casual Dress

Purpose

The purpose of the CCA dress code is to contribute positively to a professional learning environment by:

- Promoting school unity
- Maintaining a focus on academics
- Developing self expression within individual personalities
- Encouraging respect for self, others, and the school community
- Representing ourselves as a school of excellence and strength

Students must wear clean clothing that fits well and is the appropriate size. Students are to maintain a neat, modest, and well kept appearance at all times.

We recognize that every rule cannot be specified in the Dress Code. It is the responsibility of parents to train their children to respect the rules of our school community, and we expect parents and students to adhere to the CCA Dress Code. We ask parents to see that their children are dressed according to the Dress Code Policy of Calvary Christian Academy. Together, we hope to eliminate the need for teachers to spend valuable learning time reminding students of the Dress Code Policy.

The motivation for the Dress Code policy has been established from the following principles:

- Our goal is to honor God in all we do, acknowledging the Lordship of Jesus Christ in our choices. All human actions, including outward manifestations such as clothing, reveal and communicate the disposition of the heart at some level. It is our desire to minimize these heart issues in one uniform policy.
- Clothing represents the vocational calling of a person, and inherent in the uniform policy is a desire to create an environment where undue attention is not drawn to specific students. The neat appearance created by a uniform enhances a ready-to-learn atmosphere.
- Uniforms help engender a cohesive presentation of the students in our school. When our students are dressed in uniform it communicates, aesthetically, that they are part of the same team, working toward the same goals. The student is part of a group identity that strives for excellence, and the code establishes a tradition toward that end.
- The uniform code should save parents money. The uniform code de-emphasizes the social impact of dress and helps focus the students on character and academic issues.
- The uniform code addresses security. On field trips, students in uniform aid the teachers in keeping track of everyone. On the school campus, teachers and staff can clearly identify students from outsiders.

Dress Code Enforcement

Students are required to adhere to the uniform dress code, as described above. For those who are in violation of the dress code, the following procedure will be followed:

- On the first instance of a dress code violation, a student will meet with the teacher/staff immediately or after class for the purpose of addressing the behavior and disciplining towards resolution. A record of this meeting is logged, and the administrative team will monitor trends and provide support to teachers and students. A conduct notice may be given.
- If dress code violations continue, upon the 3rd occurrence the student is sent to the Principal and parents are notified.
- Repeated violations can result in further actions, including but not limited to administrative meeting(s) with parents present, suspension, or expulsion.
