Mission: The mission of Calvary Christian Academy is to educate the whole student within a Christian context of spiritual, social, mental, and physical development. As an extension of the ministry of the Church, we exist to help students cultivate a relationship with God through Jesus Christ, to discover and encourage their gifts, and to inspire each student to realize his or her full potential in serving God in spirit and in truth.

Enrollment: Founded in 2011, Calvary Christian Academy now enrolls 221 students from grades K-12. In the Upper School, the enrollment is 52 students, the student-faculty ratio is 2:1, and the average class size is 10.

Academic Program: CCA implements a rigorous curriculum, structured after the classical trivium and consisting of three stages—grammar, logic, and rhetoric.

- **Logic and Rhetoric:** As students complete full-year courses, they implement acquired skills in logic and rhetoric throughout the curriculum, demonstrating cross-curricular reasoning. CCA students clearly and persuasively articulate the knowledge they acquire across departments and courses.
- **Classical Texts and Primary Sources:** CCA seeks to inspire students with the knowledge that they are both inheritors and responsible contributors to historical, social, and cultural contexts much greater than themselves. As part of this process, CCA students engage with classic texts and primary sources. The CCA humanities sequence includes a study of western literature and history from antiquity to postmodern times.
- **Classical and Modern Languages:** All students at CCA study Latin. In the upper school, after one year of Latin, students may choose to continue their Latin studies or begin to learn a modern language.
- **Academic Tracks:** Many CCA students pursue an Honors Level diploma. At CCA, the academic program is rigorous and comparable to other Classical Christian schools.
- **Advanced Placement:** By design, CCA does not offer classes adhering to the Advanced Placement curriculum. In contrast, classical pedagogy entails in-depth discussion of essential questions and great works which may be limited by the AP curriculum.
- **Senior Thesis:** Students in grade twelve complete a senior thesis project, which serves as an opportunity for students to synthesize the CCA academic curriculum, demonstrate cross-curricular thinking, and apply rhetorical skills. Students prepare, present, and formally defend a substantive argument to a panel of faculty and guests.
- **Ranking:** CCA does not rank students.

Academic Honors: CCA students receive academic honors, determined by the student's cumulative GPA.

- **Summa Cum Laude:** 4.0 GPA
- **Magna Cum Laude:** 3.75-3.99 GPA
- **Cum Laude:** 3.5-3.74 GPA
